## 2019 Financial Statements - Comments from the Foundation

The Jordan Boyd Foundation is a not-for-profit society registered in Nova Scotia and is guided by a board of volunteer directors. Since 2013, through donations and fundraising initiatives the Foundation has raised funds to carry out its work.

The Jordan Boyd Foundation has been established with following goals:

- To educate and raise awareness of inherited heart diseases in young people and particularly athletes and to support research and investigation into same, including early detection and cures, in large part through the annual Jordan Boyd Celebrity Hockey Challenge.
- To support education and awareness of CPR and AED's (Automatic External defibrillators) and funding of same for not for profit organizations.
- To administer the Jordan Boyd Leadership Award Scholarship, an annual scholarship awarded to students graduating high school in Nova Scotia who have actively participated in minor hockey in Nova Scotia.

The financial statements for 2019 reflect funds received and expenditures made directly through the Foundation. They also note funds on hand and invested.

In 2019 funds raised are from general and specific donations; while expenditures are primarily related to scholarships awarded (\$6,000) and assistance provided directly to Brigadoon – a not-for-profit children's camp in the Annapolis Valley – to send children to Camp Braveheart – a one-week camp in Aylesford, Nova Scotia for children living with serious cardiac illness (\$5,000). Additionally, in 2019, The Foundation partnered with NS Emergency Health Services to donate two Automatic Defibrillators (AED's) to two not for profit community organizations as well as an AED Save Station located on the Halifax waterfront (\$4,842).

These financial statements for 2019 do not reflect the significant fundraising that is facilitated by the Foundation through the Jordan Boyd Celebrity Hockey Challenge. This event, each summer beginning in 2014, has raised approximately \$855,000. As designated by the Jordan Boyd Foundation, the donations for this event were made directly to the QEII Foundation to support inherited heart disease research through the QEII Inherited Heart Disease Clinic. The Jordan Boyd Foundation will on an annual basis designate a recipient(s) for the funds raised through the Jordan Boyd Celebrity Hockey Challenge in keeping with the stated objectives of the Foundation.

More information on the Jordan Boyd Foundation can be found at [jordanboyd.ca](http://jordanboyd.ca).
